English (Communicative)

PROFILE

Born on 6th March 1999. I find myself hard-working, passionate, creative, and always looking for self-improvement and new challenges. Since I was a kid, I always enjoyed doing mathematics and other kinds on problem-solving which made me fall in love with computer science and coding. I am ambitious to improve my Web development skills to an expert level. Also, I find myself a very competitive person.
